

# How City of Mandurah modernised its digital ecosystem.

The city needed a solution for multiple disconnected systems that were making information management challenging.

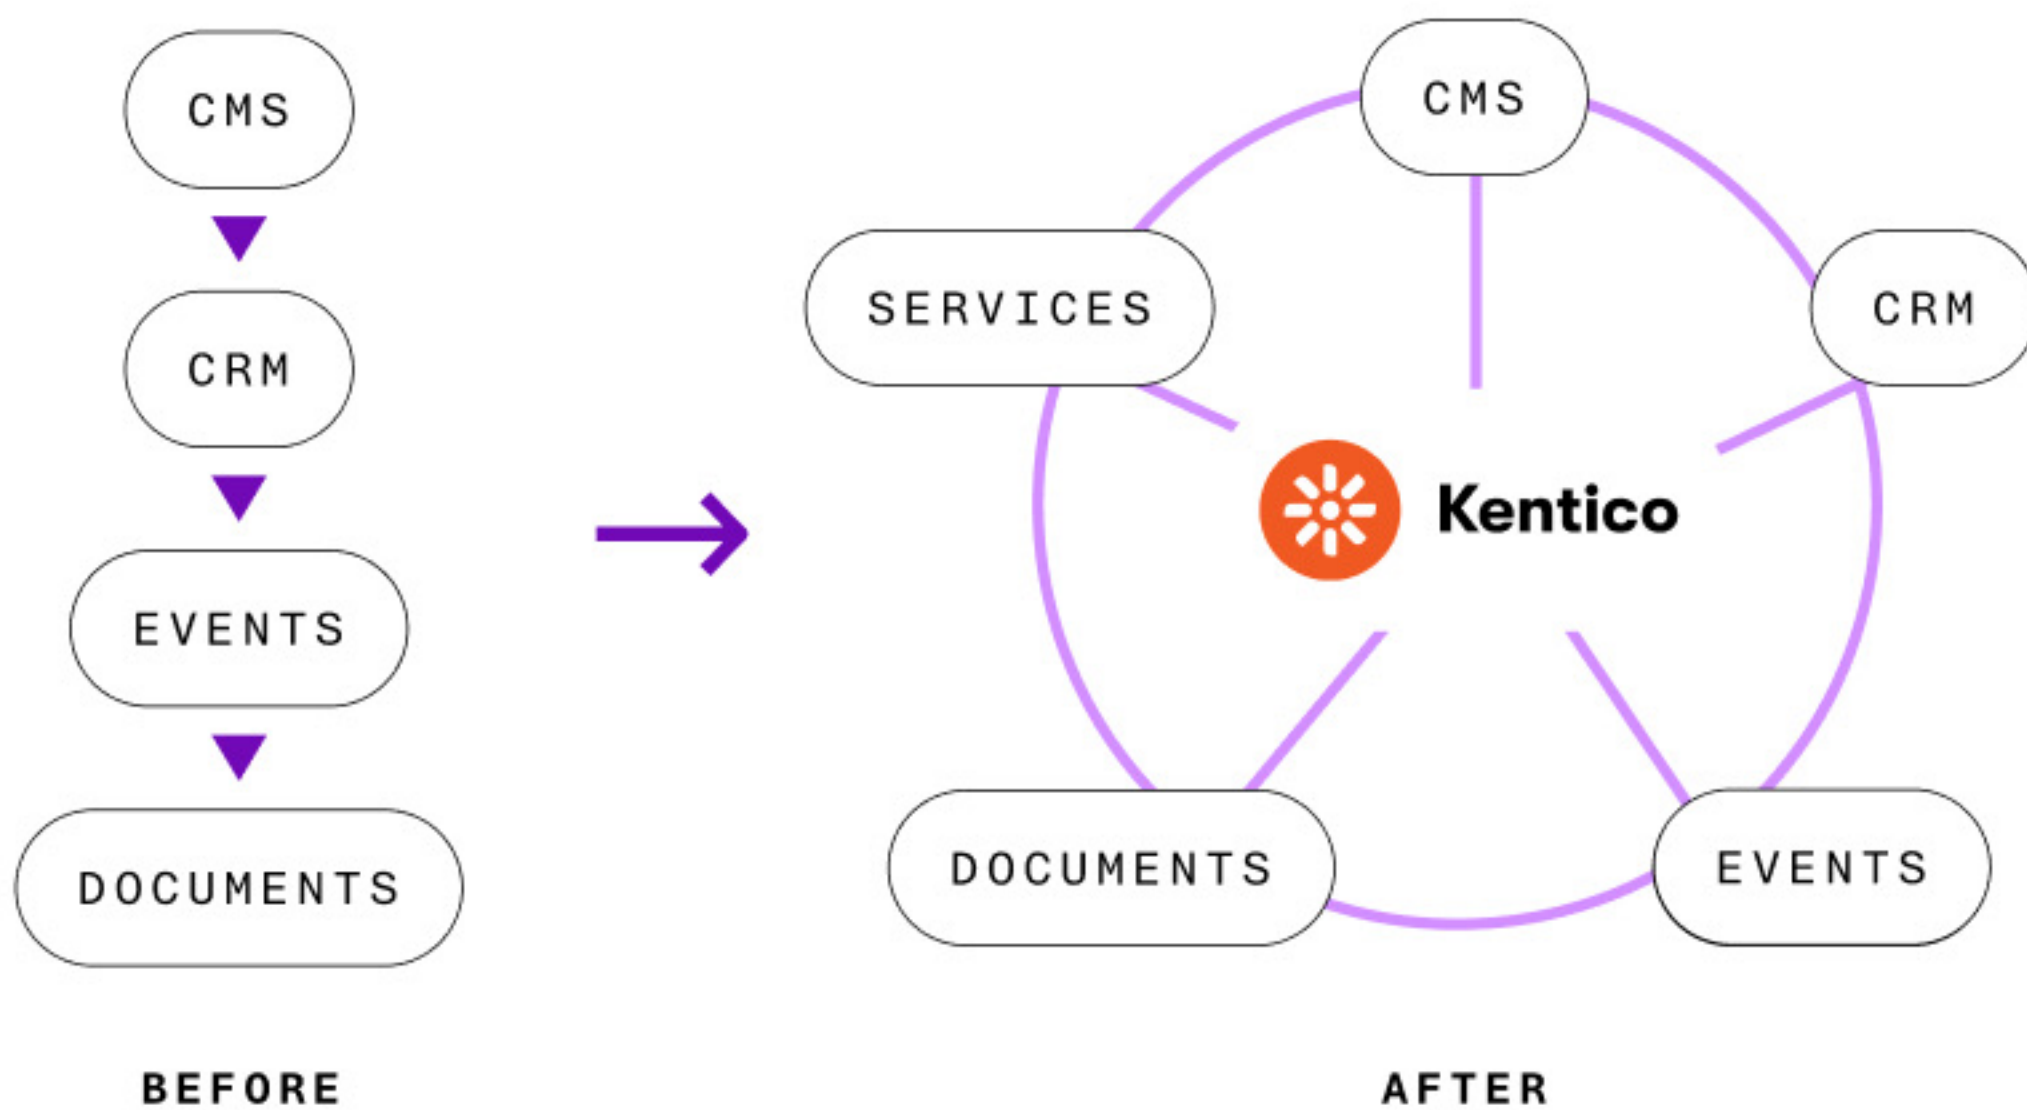

# 4 key challenges facing City of Mandurah.

- 1 Multiple disconnected systems creating silos and inefficiencies
- 2 Too complex to manage more content and more channels
- 3 Residents expect fast, accurate and easy digital experiences
- 4 Legacy systems made it difficult to adapt and support growth

A connected digital ecosystem makes governance and publishing more efficient and accurate.
